2000 Church Growth Consultant Directory

The 2000 Church Growth Consultant Directory is a listing of individuals and organizations that identify to some extent with the Church Growth Movement (CGM). The Church Growth Factor listed under each consulting ministry gives an indication of commitment to the CGM as determined by each organization. A "5" indicates an extremely high identification with the CGM, while a "1" indicates an extremely low identification with the CGM.

The Journal of the American Society for Church Growth makes no guarantees regarding the services of the listed organizations. This directory is simply a resource for those interested in obtaining the services of a church consultant.
