What is the Great Commission Research Network or GreatCommissionResearch.net?

The Great Commission Research Network is a worldwide and professional association of Christian leaders whose ministry activities are based on the basic and key principles of church growth as originally developed by the late Donald McGavran. Founded by renowned missiologists George G. Hunter III and C. Peter Wagner, the GreatCommissionResearch.net (formally the American Society for Church Growth) has expanded into an affiliation of church leaders who share research, examine case studies, dialogue with cutting-edge leaders, and network with fellow church professionals who are committed to helping local churches expand the kingdom through discipling.

Who Can Join the CGRN?

GCRN membership is open to all who wish a professional affiliation with colleagues in the field. The membership includes theoreticians, such as professors of church growth, and practitioners, such as pastors, denominational executives, parachurch leaders, and consultants. Some members specialize in domestic or mono-cultural church growth, while others are cross-culturally oriented.

Why Join the CGRN?

The GCRN provides a forum for maximum interaction among leaders, ministries, and resources on the cutting edge of Great Commission research.

The Annual Conference of the Great Commission Research Network offers the opportunity for research updates information on new resources and developments, as well as fellowship and encouragement from colleagues in the field of church growth. Membership in GCRN includes a subscription to the *Great Commission Research Journal*.
